# PITCH

When **Kingdom Rush** meets **Gemcraft** in **Kirby**'s universe.

# GAME DESIGN DOCUMENT

Game Genre :  
**Tower Defense**

3C :  
**3D, ¾ perspective view**

Player :  
**Solo**

Platform(s) :  
**PC**

Target :  
**Tower defense lovers, cute graphics fans, delicacies/food lovers, +7**

Values :  
**Cuteness, humour, sweetness, simplicity**

Intentions :  
**Chill, approachable, intuitive, satisfaction**

Currency :  
**Soft : seeds and boosters**

Business model :  
**Premium**

Synopsis :

In a **post appetit-calyptic universe**, embody a **vegetables/fruits squad fighting** against evil **delicacies**. **Protect** the **last garden** of History by **upgrading** and **harvesting** your **land** in order to **repel** the bittersweet invaders!

Audio & Graphics :

**3D cute cartoon**

**Background music** (low), **sound effects** (cute voices, UI)

Customer Value Propositions :

- Back to your roots : by **harvesting** your descendants, you ensure the garden's **safety**. You can count on Avoc'archer, Artishot-gun, Akkarot, Radi-ation and Asperge Rambo to spill the earth whenever you need it
- Un-beet-able ! Use your **boosters** to support your squad. With the help of newborn vegetables/fruits you **multiply** your chances to **defeat** the candy army.
- Donut let your guard down : you only have **one currency** to **manage** everything ! **Spend** your seeds wisely between squad members, upgrades and boosters.

**Summary**

# GAME DESIGN DOCUMENT

## BUILD

Choose your unbe-leaf-able **defences** among : Avoc'archer, Artishot-gun, AKkarot, Radi-ation and Asperge Rambo. You can build your towers on arable lands

## FIGHT

**Repell** the enemy thanks to your a-maize-ing **squad**. By melting the adorable invader, you ensure the garden's **safety** : make sure no one is going to set foot on your soil.

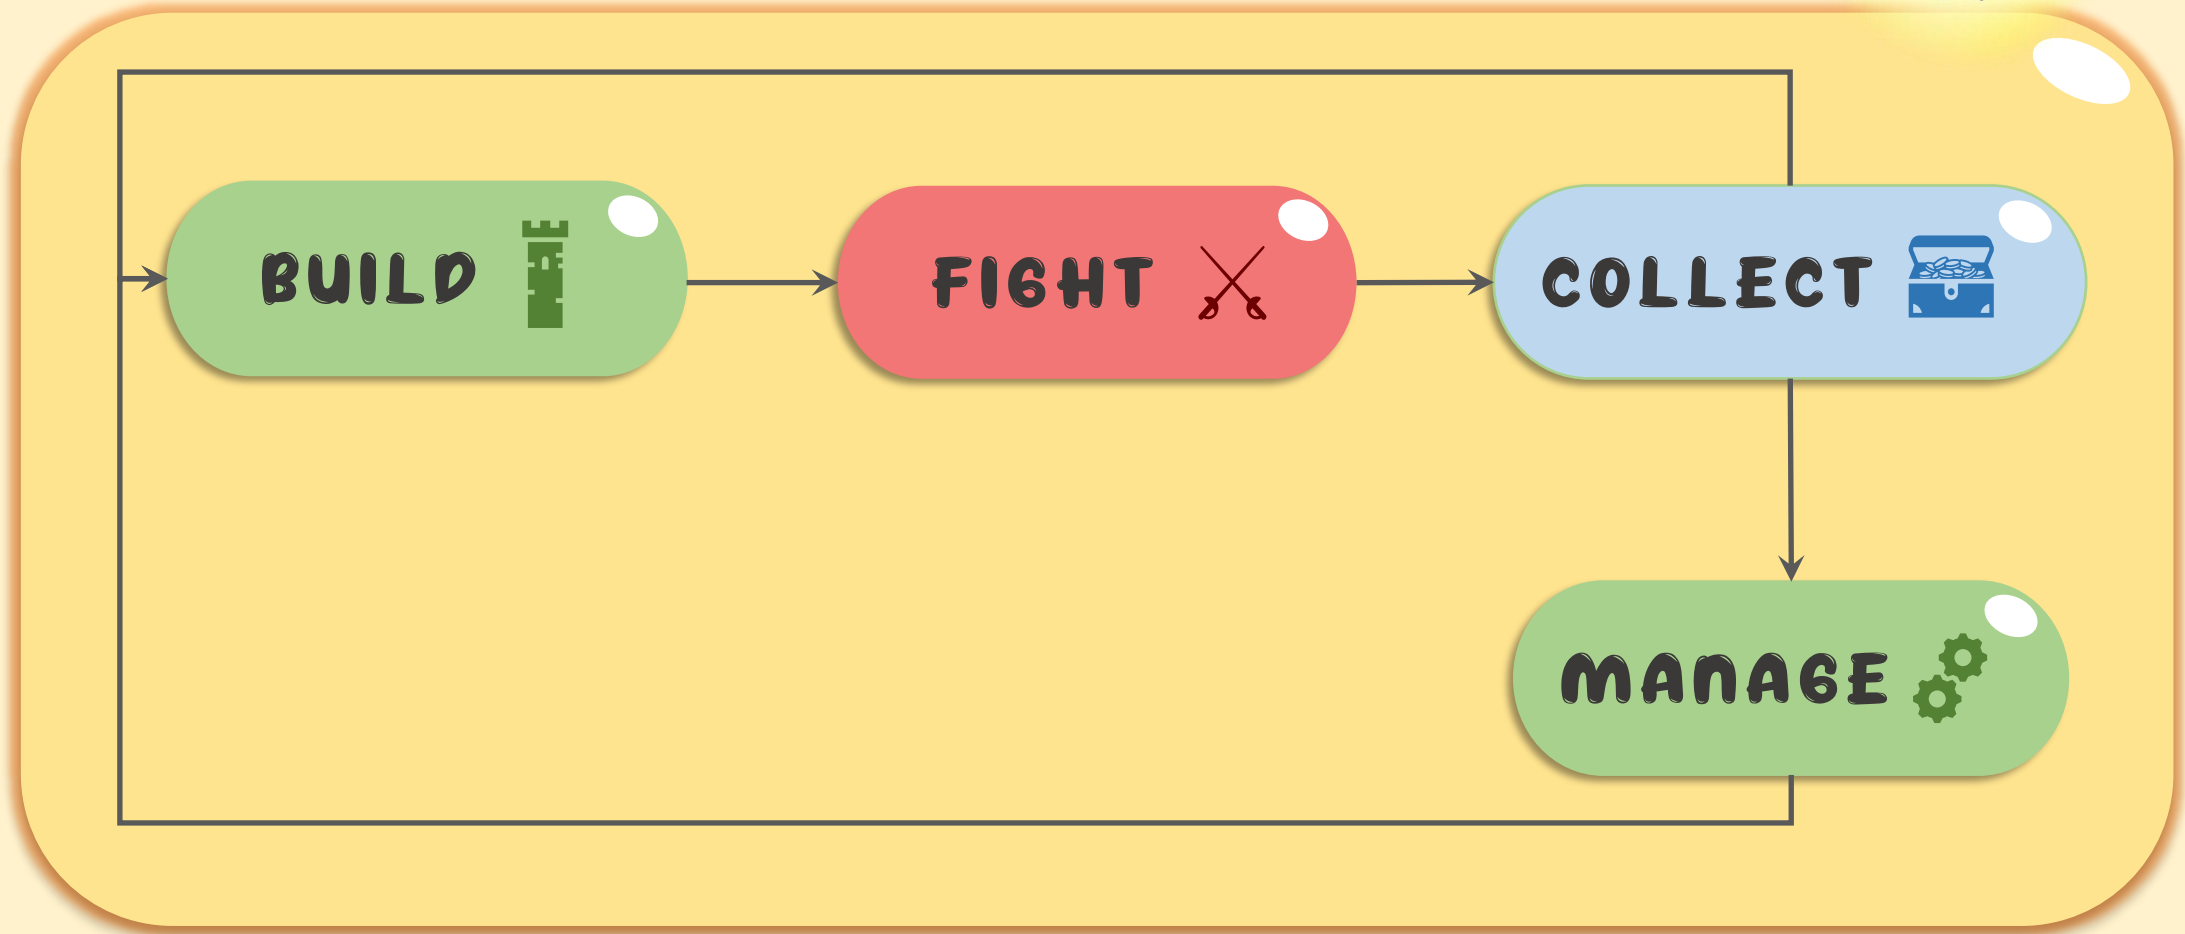

## COLLECT

Once destroyed, the enemy will **yield** a certain amount of **seeds**. Seeds are **essential** to build, upgrade and buy **new defences**.

## MANAGE

**Manage** your resources : **spend** your seeds with parsimony. You only have one currency to manage everything. Don't forget to **anticipate** your boosters' growth : it **takes time** to harvest Mother nature's treasures !
